CINCINNATI, O., Sept. 24.—Rev. David Philipson, rabbi of the Mound-Street Temple, of this city, advocates the fermation of a Jewish World Congress as the only means of settling the Jewish problem in Russia.

Referring to the recent outrages at Gomel, he said: "Since Russia resents all outside intervention, the Russian Jewish problem must be solved by and in Russia itself. It seems to me that to meet the Jewish problem in the various countries of Eastern Europe, the Jews themselves all over the werld must join in the formation of a Jewish World Congress, that shall treat with such governments as Russia, Roumania, Merocco and the like, wherever the Jews are subjected to barbarous treatment. Until the Russian Jewish problem is settled in Russia itself and by the Russian government in a bumane and civilized manner, I fear that these outbreaks will be periodical, and the best agencies to accompilsh the solution will be such an international Jewish erganization, backed by the symmathy and the support of the civilized governments of the world."

(By Associated Press.)

CCONOMOWOC, Wils., Sept. 24.—Geo.
Laily to-day attempted to shoot his wife, shot his brother-in-law, set fire to his house and barn and finally committed suicide by blowing his head off in his burning house.

Mrs. Daily, with her four children, left her husband this morning, and went to live with her mother, Mrs. Lucy Kellogg. Daily came to the house of his mother-in-law and shot at his wife through the wigow. Upon this, his brother-in-law, Cliff Kellogg came to the door. Daily shot him in the foot, and then drove to his home half a mile away, where he set fire to the house and barn. The firemen were ordered away by Daily on pain of being shot. He kept them at buy for about an hour, when the barn burned to the ground, and the house was nearly consumed. Then he shot himself, dying instantly.

It is said that the Delaware, Lackawanna and Western Company will place its collicries on three-quarter time.
